BUFFALO AND CHICAGO LINE OF STEAMBOATS.

Louisiana,	Globe,	Wisconsin.

The proprietors of the Eckford Line would particularly call the attention of the Merchants of Wisconsin, Illinois, and other Western and South-western States to the superior facilities of their line for transportation to, and from, the ports on the Upper Lakes. The above line of Steamboats runs direct to our Dock, at Buffalo, and all goods contracted by this line for the Upper Lakes will be shipped (unless otherwise ordered or contracted) by *Steamboats*, (not Propellers,) with but one, or possibly two exceptions. The Eckford is the only Line not interested in, or committed to, a Propeller Upper Lake Line; and in endeavoring to sustain a line of *Steamboats* on that route, the Proprietors hope to receive the support and patronage of the Merchants of the Western States, whose interest demands the continuance of a line of such a class of Boats. Boats leave New York and Buffalo daily.

The Bolivar Coal is unquestionably superior to any other mined in Ohio, for Grate, Blacksmithing, Machinery, or Domestic purposes; and for Steam purposes, is superior to any except Brier Hill. It is peculiarly well adapted to Shipping, as its extreme hardness renders it capable of bearing any amount of handling, without waste. It can be afforded considerably cheaper than Brier Hill, and for most purposes, is better.

It is our wish to introduce the article, and we respectfully solicit orders, confident that a trial is only necessary to convince any of the truth of the above assertion.

HOE'S CAST STEEL, CIRCULAR AND LONG SAWS.

THE SUBSCRIBERS MANUFACTURE FROM THE best cast steel Circular Saws, from two inches to five feet in diameter. These saws are carefully hardened and tempered, and are ground and finished by machinery designed expressly for that purpose, and are therefore much superior in truth and uniformity of surface to those ground in the usual manner. They require less set, less power to drive them, and are not so liable to become heated and produce a saving in timber.

They also manufacture, Cast Steel MILL, PITT and CROSS-CUT SAWS and BILLET WEBS, of superior quality, all of which they have for sale at their warerooms, Nos. 29 and 31 Gold street, or they may be obtained of the principal hardware merchants in the United States.

N. Y. ADVERTISEMENTS.

Wolfe's Schiedam Aromatic Schnapps,

MANUFACTURED BY THE PROPRIETOR EXclusively, at Schiedam, in Holland, by a process peculiar to his own factory. It is flavored and medicated, not by the common harsh berry, but by the choice botanical variety of the aromatic Italian Juniper berry, whose more vinous extract is distilled and rectified with its spiritual solvent, and thus becomes a concentrated tincture, of exquisite flavor and aroma, altogether transcendent in its cordial and medicinal properties, to any Hollands gin heretofore known.

In Gravel, Gout and Rheumatism; in obstructions of the Bladder and Kidneys its effects are prompt, decided and invariably reliable. And it is not only a remedy for these maladies, but in all cases, in which they are produced by drinking bad water, which is, almost universally, the cause of them, it operates as a sure preventive.

The distressing effect upon the Stomach, Bowels and Bladder of travellers, new residents, and all persons unaccustomed to them, produced by the waters of nearly all our great inland rivers, like the Ohio, Mississippi and Alabama, from the large quantity of decayed vegetable matter contained in them in a state of solution, is well known; as is also that of the waters of limestone regions, in producing Gravel, Calculi and Stone in the Bladder. The AROMATIC SCHIEDAM SCHNAPPS is an absolute corrective of all these injurious properties of bad water, and consequently prevents the diseases which they occasion. It is also found to be a cure and preventive of Fever and Ague, a complaint caused by the conjoint effects of vegetable malaria in the atmosphere, and vegetable putrescences in the waters of those districts in which it principally prevails. The AROMATIC SCHIEDAM SCHNAPPS is consequently in great demand by persons travelling, or about to settle in those parts of the country, especially; as well as by many in every community where it has become known, on account of its various other remedial properties.

In all cases of a dropsical tendency, it is generally the only remedy required, when adopted in the early stages of the disease. In Dyspeptic maladies, when taken in proper quantities, as a diet drink, and especially at dinner, it is found by uniform experience, to be eminently efficacious in the most obstinate cases, when even the best of the usual remedies have failed to afford more than mere temporary relief. In cases of Flatulency, it is an immediate and invaluable specific; and it may be administered in diluted and proportionate quantities, even to young infants, in all those paroxysms of griping pain in the stomach and bowels, to which they are especially subject, as well as in the colic of grown persons.

Its judicious adoption in connection with the principal meals, or when a sense of exhaustion dictates its use, never fails to relieve the debility attendant upon protracted Chronic maladies, low temperaments, and exhausted vital energy, by whatever cause induced. These are facts to which many of the most eminent medical men, both in Europe and the United States, have borne testimony, and which are corroborated by their highest written authorities.

The AROMATIC SCHIEDAM SCHNAPPS is put up in good strong bottles, neatly covered and labeled, accompanied by an Essay upon its properties and uses. For sale by the principal Druggists in this City and United States.

UDOLPHO WOLFE, Importer,
No. 22 Beaver-st., New York.
S. JOHNSON, Jr., No 151
East Water-st., Milwaukee.

[From the "New York Medical Gazette," Oct. 1st.]
HOLLAND GIN AS A MEDICINE.

In our last number we accompanied the publication of a circular on this subject from our fellow citizen, Udolpho Wolfe, Esq., with a brief commentary, expressive of our own views. Since then we have been employing this agent, and thus far with favorable results. But we are in the receipt of several communications on the subject, from medical men, which serve to show that Mr. Wolfe's Aromatic Scheidam Schnapps is very extensively in use, and, in the hands of physicians, is proving itself as a stimulating diuretic to be eminently successful after other medications with this intent had been tried in vain. In one of the cases thus reported, abdominal dropsy has been cured, and the necessity of tapping averted; and in another, a distressing case of gravel, so called, has been entirely removed by the passage of a calculus of considerable size, which is ascribed to the use of only two bottles of this article.

We know not the object of Mr. Wolfe in designating his preparation by the singularly euphonious name of "Schnapps," nor of his denominating it in his advertisements, the "Concentrated Tincture of Juniper," instead of perpetuating its ancient title of Holland Gin. It is true that he admits it to be nothing more than the latter article in its pure state, unadulterated by noxious drugs, and hence he contra-distinguishes it from Gin of commerce, nearly all of which, as is well known, is manufactured here and elsewhere from inferior whiskey and refuse drugs. The name he has given it, however, may serve the purpose of designating his article, as prepared exclusively for medical purposes, and thus commend it to physicians for whose convenience it is on sale only by reputable druggists and apothecaries.

As respects its medicinal and curative effects, we understand him to claim only that it is a pure and reliable article of Holland Gin, and as such worthy of the confidence of physicians, in those diseases for which they are wont to prescribe it, and have hitherto only been restrained, by finding it impracticable to obtain the article in a pure state. Nor should any prejudice against alcoholic medicine deprive the afflicted of the benefit of this article, which from time immemorial has held its place among the remedial agencies of the Materia Medica, if it be found worthy of confidence by continued experience. At all events, those who persist in the employment and toleration of other alcoholic medicines, as tinctures, bitters, &c., and especially those who prescribe Gin under any circumstances, must all unite in giving the preference to a pure article over the manifold adulterations so rife in the market. Mr. Wolfe liberally supplies physicians with a sample bottle for analysis and trial, as set forth in his circular, and stakes the reputation of the remedy upon the innocence, safety and efficiency of his Holland Gin, when used under medical advice; and pledges his own character in business that the article will not disappoint any who use it.

THE CELEBRATED
GRAEFENBERG MEDICINES,
TO THE PEOPLE OF THE WEST,

ARE RECOMMENDED BY THE COMPANY WITH renewed confidence, as efficacious remedies for most of those ills which attack humanity. They may now be said to have reached the home of every family in the Union. Since the last year the increase in sales has been most gratifying, and the highest and most reliable testimonials to their genuine worth, have flowed in upon us from every quarter. One agent writes, "your medicines are all-potent in this community—you do not begin to supply my wants;" another, "that the faculty are endeavoring to injure their sale, but it is of no use, the neighbors use them with the best success, and advise their friends to do so too." One writes, "send more of your Uterine Catholicon, the doctors can do nothing with the diseases it warrants to cure, and your medicine is working miracles," &c. &c. We can assure the public that *all* that may ever be said in favor of this wonderful remedy, (The CATHOLICON) will never do its merits full justice. We have many orders from the regular faculty, by whom it is extensively used in their practice, as a certain cure for Prolapsus Uteri, and other distressing complaints incidental to females. On the outside wrapper of every bottle will be seen the NAME AND SEAL of the GRAEFENBERG COMPANY, the article has been counterfeited otherwise.

The Graefenberg Vegetable Pills continue to be one of our most popular and effective medicines. If tried in accordance with directions on each box, they will cure Fevers in general, Billious and Liver complaints, Jaundice, Heart-burn, Dyspepsia, and in conjunction with the *Health Bitters*, of great power over Fever and Ague. The other valuable medicines of this company, the *Eye Lotion, Green Mt. Ointment, Dysentery Syrup, Childs Panacea, Pile Ointment, Sarsaparilla, &c.*, may be had of our agents throughout the North-west, and also Almanacs, Pamphlets, &c., gratis, containing much useful information on medical subjects, care of the sick, &c. Do not fail to procure them when purchasing our medicines.

P. C. HALE,
General Agent,

The American Cough Candy, a remedy which has in its line no superior, may also be had of all our agents.

THANKSGIVING.

PROCLAMATION BY THE GOVERNOR.

AS A PEOPLE we have abundant reason for the exercise of gratitude to the Supreme Being, for the condition of health, the abundant harvest, the peaceable submission to civil law and order, and the general prosperity with which we have been favored, as a State during the past year. And as the unworthy recipients of these and other kind blessings, we are called upon to suitably recognize the Benevolent source, "whence cometh every good and perfect gift."

THEREFORE, I, LEONARD J. FARWELL, Governor of the State of Wisconsin hereby appoint Thursday, the TWENTY FIFTH day of November next, as a day of Thanksgiving to ALMIGHTY GOD. And respectfully request the people of Wisconsin to properly observe the same.

In witness whereof I have hereunto set my hand and caused the Great Seal of the State to be affixed

L. S. at Madison, this twenty fifth day of October, in the year of Our Lord, One Thousand Eight Hundred and Fifty Two.

By the Governor, LEONARD J. FARWELL.

CHARLES D. ROBINSON, Secretary of State.

Per JOHN W. HUNT, Deputy.

THE CUBA FORAY.

Now that Pierce is elected beyond a doubt, and by an overwhelming majority, the Loco Foco papers—which, before election, generally confined themselves to abstract lamentations and grumblings over the oppressions of the Cuban people, and the outrages of its imbecile government—come out boldly for the annexation of the Island. One of the straws which show how the wind blows, has fluttered along from the Baraboo country. Says the *Standard*:

You have Pierce, and now you must get Cuba, say our Whig friends, *and so we say*.

* * * * * *

But we do not believe four years are to intervene before the emancipation of Cuba. It is well understood that at this hour an armament is fitting out, and soldiers are enlisting in every part of the Union, and the present condition of the Island is an assurance of triumph. The Chief Executive who has just been so triumphantly elected, is beyond question favorable to the acquisition of Cuba. He is too patriotic and too profound a statesman to permit this Island, so essential to the commercial prosperity of this country, to remain under its present bigoted and illiberal rule, or permit it to pass into the hands of any other European power. We may therefore confidently expect that under Pierce, the "area of freedom" will be enlarged by the acquisition of the Garden of the World.

We have above a very good second of the N. Y. *Sunday Atlas'* declaration of war against Cuba. We have a word of encouragement for the unlawful expeditions in progress in this country, in violation and contempt of treaties. We have "patriotism" and "profound statesmanship" defined with a philosophic nicety, as qualities of mind and character which should prompt a President of the United States to look abroad, and seeing a nation which he thinks is under a "bigoted and illiberal rule," or a country, the possession of which would be rather desirable, to annex it at once; or, perhaps, "*re-annex* it" will be the phrase, and that brilliant genius who discovered that Cuba properly was a part of Florida, and was separated from it by some unfortunate arrangement or other, will republish his essay. We have too a definition of the term "enlarging the area of freedom," viz; adding 500,000 slaves and another slave state to the Union—but this has a precedent in the case of Texas.

There is one little difficulty in the way of the smooth working of this scheme, and that is, that—the Union being supposed saved, agitation suppressed, and all peace and quietness just now—there may be some interruption to this Arcadian harmony when the parties to the Cuban foray sit down to settle the preliminaries. Will not the question meet them *in limine*—shall it be a *free*, or a Slave State? for we can scarcely believe yet that John Van Buren, Gen. Walbridge, and their sort, will pull cleverly in the traces if it is to be the latter. Still, we doubt as to that. Stranger things have happened. The Albany *Atlas* had a "corner stone" once.

Then, if Cuba is to be a free State, and the negroes to be emancipated, won't the South, now so fierce for Cuba, hold back? And if to be a slave State, is there not some fear of a revival of Union-dissolving agitation? But perhaps all these matters are amicably settled already, or will be settled by a general convention of the Quitmans, Quattlebums, Mike Walshes, Douglases, *et id omne genus*, of the party about to come into power.—We shall see. Only we want to know who is to represent the old Northwest Territory in that Convention, which is to admit two more Senators from beyond our borders to overbalance free State Senators from this region of the Ordinance of 1787.

Well! we have fought hard to prevent this result of the election, but the depths of iniquity in New York, and filibusterism generally, and New Orleans rowdyism, and Cotton, and the necessity of saving the Union and "killing Seward," and lies about Nativism, and British Free Trade, have been too much for us. So our manifest destiny people must have the full length of their rope.

"FAIR PLAY."

The Kenosha *Telegraph* replies at some length to the article under this head in our paper of the 9th. We note its material points. The *Telegraph* excuses its misstatement in regard to our suppressing the vote for Congress in this city, by saying that its article was written and the paper on the press before the *Sentinel*, containing the vote, came to hand. Of course, we acquit it of wilful misrepresentation in the premises. The *Telegraph* says also that it would publish our answer to the *Free Democrat's* attack "if it was at hand." Well, we will send it along, to give the *Telegraph* a chance to "do as it would be done by." The *Telegraph* confesses further that some of its premises were as faulty as its conclusions. We quote:

> And this leads us to say that the Whig vote of Milwaukee city which was turned over to the support of Wells *was not as large as we at first supposed.*

The *Telegraph* was betrayed into this error by the clamorous outcries and confident assertions of the *Free Democrat*; which have been effectually silenced by the official canvass.

After setting itself right in the above particulars the *Telegraph* continues thus:

> It still remains an honest conviction with us, that the Whigs of Milwaukee actually preferred Wells of that city, (Old Hunker as he was) to Durand of Racine. And it still remains another conviction that Durand was nominated for no other purpose than to defeat Durkee and secure the election of Wells; and we are further positively of the honest conviction, that if Durand had not been thrust forward, that Durkee would have been the member elect from this District; and these opinions "fire cannot melt out of us."

The *Telegraph* is entitled to its "opinions." We go for the "largest liberty" in this respect. But we are just as firmly convinced that "the Whigs of Milwaukee" preferred MR. DURAND to MR. WELLS and their *vote* shows it. We are just as positive, too, that MR. DURAND was nominated to defeat *both* Durkee and Wells, if that were possible. And we entertain no manner of doubt that if MR. DURKEE had not been "*thrust forward*," MR. DURAND would have been "the Member Elect from this District." And these opinions will stand "fire" just as long as the *Telegraph's* can.

Finally, says the *Telegraph*:—

> We were mistaken on the *number* of the figures in Milwaukee, but we still think that the course of the Sentinel was very reprehensible in its labor for, and representation of the prospects of Durand.

Well, "*we* think" that the course of the *Telegraph*, "in its labor for, and representation of the prospects of" DURKEE, was just as "reprehensible" as that of the *Sentinel*. It had no more right than we had to work for its candidate, or try to induce others to do so. And its confident predictions that MR. DURKEE would be elected were quite outrageous. Who ever heard of a political paper doing the like?

SLEIGHING AT MADISON.—The Madison *Argus* of the 13th, says:—

> There was a fine fall of snow yesterday, which makes very respectable sleighing to-day, and is being improved by our people in a happy manner.

The National Libeller.

Our Tory neighbor, the *News*, repeats, as we predicted it would, its wholesale charge that the Whig party is "*a party of traitors*," who always "side with the enemy" in time of war, and do not desert only because "they can be of more service to the enemy by remaining at home." It is so far ashamed, however, of this infamous libel upon one-half of the American People, as to proffer a sort of apology for having uttered it.—This is, that the *Sentinel* provoked it by "personalities" against MR. PIERCE. Hear it:

> No paper teemed more during the last campaign with vile personal assaults upon Gen. Pierce, accusations affecting his character as a politician, his services as a soldier, and his honor as a man. Insinuations of meanness, of cowardice, of conduct unbecoming a gentleman, were the daily burdens of its editorials and its "selections."
>
> * * * * * *
>
> And in order to mislead the public, in the face of accumulated, positive, recorded and cotemporaneous testimony to the contrary, if it did not openly countenance, it had no word of rebuke for the fraudulent use of Gen. Pierce's name, resorted to by unscrupulous whig partizans in order to make him responsible for sentiments of religious intolerance to which his whole life gave the lie—in one instance going so far as to attach his name to a letter known to have been written by Gen. Scott for the purpose of proscribing foreigners from the rights of citizenship.

There is not a particle of truth in the excuse thus set up by the *News* for its libellous and defamatory course, and its closing "instance" is a wanton fabrication. Nor would the excuse, if as strictly true as it is notoriously false, avail the National Libeller. Two wrongs cannot make a right. The *Sentinel's* "personal attacks" upon GEN. PIERCE, if all that the *News* falsely represents, cannot justify, or palliate its infamous slander upon the American People.

But, waiving this trumped-up excuse for libeling its fellow-countrymen, the *News* makes a feint of proving its charge, as thus:

> We appeal to history to prove that the conduct of the Whig party has been *traitorous* in every war in which the country has since been engaged.

Hereupon the *News* proceeds to quote history, as the Devil does Scripture, "to its purpose," and with deliberate intent to falsify and deceive. Thus it points to the "war of 1812," when there was no Whig party in existence; when HENRY CLAY, an illustrious Whig, was the right arm of the Administration in sustaining the War, and when men of all parties responded promptly and zealously to the National Government's appeal for help.

Again, the *News* points "to the opposition of the Whig party to the Florida war, and the war with Mexico," but fails to show anything "traitorous" in either, tho' it manufactures the following "evidence" to prove it:—

> Mr. CORWIN, the leader of the federal opposition, *recommended his Mexican friends* to welcome our soldiers "with hospitable hands to bloody graves," and if they did not succeed in this benevolent intention, *he and his Whig friends promised* to "cut off the supplies."

This transcends the usual recklessness of partizan fabrications. MR. CORWIN never made any such "recommendation," nor "he and his Whig friends" any such promise. The *News*, it would seem, relies upon false swearing to sustain its foul libel upon the American People!

Lastly, returning to its favorite "personalities" again, the *News* closes its argument thus:—

> The files of the *Sentinel* will show that it took part in the traitorous opposition of the Whig party to the Mexican war—a course unworthy of any American editor, but especially of one educated at the public Academy at West Point.—And its editor is again endeavoring, as he did then, to place our country in the wrong, in case of a war with Spain, &c.

Both allegations are grossly untrue. The "files of the *Sentinel*" are as guiltless of the wrong imputed to them, as its editor is of the intent which the *News* falsely charges upon him. If the calamity of war, with Spain, or any other country, be indeed in store for us, our only aim and desire is to have "our quarrel just"; for

> Thrice is he armed who hath his quarrel just,
> And naked he, tho' clad in triple steel,
> Whose conscience with injustice is corrupted.

And we hold it, therefore, to be the duty of every honest press and every true patriot in the land to labor "to place our country in the *right*," in the event of war with any foreign power. Such, at any rate, shall be our earnest endeavor, now and at all times.

"Elegant Extracts."

We quote from the last Madison *Democrat*, the central organ of Wisconsin Democracy, the subjoined "specimen bricks;" the one editorial, and the other published under the thin cover of "correspondence":—

> LEGAL MURDER.—The outraged law is to be avenged on Monday next, in Milwaukee, on the persons of McDonald and Connaughty, convicted of murder. The execution is to be "strictly private," in the presence of a very select few who have a taste for that character of amusements—Gen. KING, and the orthodox clergyman included—two of God's images are to be choked to death with the greatest propriety. "Front seats reserved for the ladies." "No smoking allowed in the room." "Nothing in the performance to offend the most fastidious."

What a disappointment it will be to the author of this precious paragraph to hear that the Governor has granted a respite to CONNAUGHTY and McDONALD, and left the "outraged law" to "avenge itself!

If the above is a fair average of the *Democrat's* editorials, the following is a good sample of its "correspondence"; the one being entirely worthy of the other. We quote from a letter signed "Billy Barlow" in the "State paper," the "official organ," of Friday last:

> FOR ARGUS AND DEMOCRAT:—Discontinue my subscription to your not valuable paper. I won't pay for it. *Damn* the paper.
>
> * * * * * *
>
> You said Gen. Scott was running for office, and you made a continual *damned* fuss about it. I take no other paper. I know nothing else about it. I supposed you were a gentleman and would not deceive your readers. I really got worked up about it. I supposed Frank Pierce had really an opponent. I supposed Scott was a candidate. And now I find out its all a *damned* humbug; all a *damned* lie; Gen. Scott never ran at all.
>
> * * * * * *
>
> The General did go to locate an hospital for decayed politicians; did not go to electioneer for anything but a berth in it. I tell you its all a damned lie about his wanting to be President.
>
> Are'nt you ashamed of such lying and abuse of respectable private citizens? Go to hell with your damned humbug of a paper.
>
> BILLY BARLOW.

☞ The *Free Democrat* thus apologizes to its Racine co-laborer, the *Advocate*, for the language of the call, inviting a "Free Soil" State Convention:

> We suggest to the Racine *Advocate* that the reference in the Call to the Jenny Lind Club and its organ, was to this District, and was so expressly stated, some of its number having traversed the whole District to prevent Durkee's election. The danger of a Secret Association, operating politically, is in its *secrecy*. When its true character is exposed, its power for evil is gone.

And we take leave to add, for the further information of the *Advocate*, that the whole story about the "Jenny Lind Club" being a "Secret Association," or "operating politically," in any way, or at any time, is a pure fiction—a lie started by designing knaves to gull credulous fools.

☞ The Sentinel says our State Convention was called mainly on account of his rejoicing at Wells' election, and the course of the Jenny Lind Club. No other paper has the news.—*Free Dem.*

Our authority for the statement was the call itself in the *Free Democrat*—not the best authority, we admit.

GERRIT SMITH.—The majority for this gentleman, just elected to Congress from the Madison and Oswego District, New York, is larger than was first reported. In Oswego, the vote stands, for Smith 3964, Hough (dem.) 3945, Ten Eyck (whig) 3484. In Madison SMITH has nearly 1800 majority. In his own town, Smithfield, he received 242 votes; Hough 24 and Ten Eyck 25.

WASHINGTON MONUMENT.—At the polls in New Orleans on election day, $1,100 was collected for Washington Monument. Thus far, the contributions which we have seen noticed, at Utica, Buffalo, Milwaukee, Baltimore, Cincinnati, and New Orleans, will suffice to carry the monument up *about five feet*. Swift work, that!

RICHLAND CO.—The Mineral Pt. *Tribune* learns that Scott and Pierce are even in Richland Co. Eastman has 1 or 2 majority over Abbott. Sterling (whig) for Senator is 40 ahead, and Conner, (dem.,) is elected to the Assembly.

ST. CROIX CO.—A correspondent of the Madison *Democrat* writes from Willow River that Pierce has a majority of 62 in the county. Eastman has 70 majority; there is a tie on Senator, and O. T. Maxson, (dem.) is elected to the Assembly by a majority of 70 (in case Lapointe does not defeat him in the course of the winter.)

CRAWFORD CO.—We do not get the full returns yet, but Pierce's majority is stated by the *Courier* at 42, and Eastman's majority 140.

KEWAUNEE CO.—Scott had 5 votes at the only poll opened in this new County, and Pierce 23.—The same vote on Congress and Assembly.

The Vote in Wisconsin.

> The popular vote in Wisconsin upon the proposed Free Banking Law of the State, was 2,966 in favor and 29 against the law; so that Wisconsin, like Illinois, will soon be provided with its own specie paying banks.—*N. Y. Cour. & Enq.*

The *Courier* must have a luminous idea of the vote of Wisconsin. In twelve counties, from which we have official returns, the total vote is 29,410, and the majority for the law 17,850.

THE LATE DISASTERS ON THE LAKES.—Our news of yesterday has a better look in some respects. The painful rumor of the loss of the steamer *Hudson* is set at rest, that vessel having been at Buffalo three days after the storm. The schr. *Sam Hale* got off without any injury to her cargo, and is safe in Buffalo. The Propeller *Forest City* was obliged to put back to Detroit, but her cargo is uninjured. We are glad to learn that the owners of the schr. *Twin Brothers*, beached at Muskegon, are confident that she will get off without serious damage.

So much for past reports. The Telegraph yesterday afternoon brought a fresh batch of losses and reported losses on Lake Erie, two propellers, the *Oneida* and *Samson*, being past recovery. It will be noticed that the last accounts relative to the furniture found floating in the Lake, suppose it to have come up from the sunken *Atlantic*.

FURTHER NEWS.—The Buffalo papers of the 12th and 13th, which came last night, brought numerous details of damage and loss. We condense these accounts into as brief space as possible.

The schr. *Newbold*, Capt. Ballantyne, of Chicago (erroneously stated in the *Express* to belong here) went ashore on the Buffalo breakwater, and went to pieces. She was insured in the Northwestern for $3000.

Schr. *E. K. Bruce*, owned by Mr. Buckley, of Buffalo, went ashore near where the propeller *Samson* lies. Insured in the Buffalo Mutual for $6000.

Brig *Robt Hollister* got into port disabled.

Brig *Flora* also got in, after losing her boat, and suffering considerable damage.

Steamer *Mayflower* did not try the Buffalo entrance, but went down to Black Rock.

Steamer *Northern Indiana* got in handsomely in the height of the gale, having only lost a few boards from her wheel-house.

Several vessels passed down the river, one with a flag of distress flying.

THE HENOMANIA.—Talking about fowls, our readers may remember that we published some time since an account of recent sales in Boston, of chickens at from $20 to $100 per pair.

Boston must hide its diminished head, for the London *Cottage Gardiner* says that, "within a few weeks, a gentleman near London has sold a pair of Cochin China fowls for 30 guineas, $150, and another pair for 32 guineas, $160. He has been offered £20 for a single hen; has sold numerous eggs for 1 guinea, $5, each, and has been paid down for chickens just hatched, 12 guineas, $60, the half dozen, to be delivered a month old.

LAKE ERIE RAIL ROAD.—The Lake Shore Rail Road, along the South Shore of Lake Erie, is completed to Cleveland, and the Southern Michigan R. R. Line of boats make their stops and lands their passengers at Cleveland, as well as at Dunkirk and Buffalo. This leaves only the distance between Monroe and Cleveland to be traversed by water.

☞ The N. Y. *Tribune* says: We hear of sales of about 15,000 tons of English rails for various roads in the west, including 4500 tons for the Junction Road, being sufficient to complete the ironing of that road from Sandusky to Toledo, at which latter point the Southern Michigan Road comes in. These sales of rails were at prices equal to $59 or 60, laid down here.

☞ There was much said by the Whigs before the election about the "Irishmen" and "Germans. Now, they are all "Paddies" and "Dutchmen."—*Morning News.*

True enough—see columns of the *News* in proof.

BEATEN.—We regret to learn that our Whig friend WM. A. BUGH, is beaten for Senator in the Marquette district. His successful opponent is D. S. VITTUM, editor of the Sauk Co. *Standard*.

☞ The Charleston Courier says of the literary works of the lamented Calhoun—"but little interest or demand is manifested for the work, and the edition for the most part lies quietly reposing on the booksellers shelves."

The Evening Post and Mr. Webster.

The New York Evening Post, having indulged in the severest reflections upon Mr. Webster's treatment of the Lobos question, Mr. Benson, who was implicated in the matter, called on the editor of the journal, made an explanation, and demanded a recantation, which was refused. The following is a letter upon the subject from Mr. Benson:

New York, Sept. 27.

Messrs. W. C. Bryant & Co:—Gentlemen:—In the leading article of the Evening Post, dated Sept. 24th, it is stated, "we appeal to the record;" "and further, "A. G. Benson was interested at the time, we understood, but subsequently quarrelled with Law, and latterly has been speculating in Guano with Mr. Webster." My attention was called to the subject, and the day following I requested my friend to see you and to say that the statement was entirely erroneous, as I would convince any man who would do me the favor to call at my office and examine all the papers and correspondence relating thereto. This you declined. I then called on you in Company with Capt. Jewett, and renewed the request that you would give me an opportunity to convince you that the statement was erroneous. This you also declined. I called again this morning, in company with my friend, Col. Thomas, and made the same proposition once more. You still declined, on the ground, that *having made the statement, you would not appear well before the public, to take the back track.*

I am a private citizen, and therefore should suffer the injury inflicted by your article, rather than appear before the public; but inasmuch as it implicates, unjustly, the character of a distinguished public man, I am compelled to require an immediate retraction thereof, in your columns, or I shall feel it my duty to lay the subject before the proper authorities.

Your obedient servant,

A. G. BENSON.

Mr. Webster to Mr. Benson.

Marshfield, Sept. 30.

A. G. Benson, Esq.—Dear Sir.—I have read the copy of your letter to Mr. Bryant. That is indeed a high tone of morals, which enables a man, when convinced that he has grossly slandered and abused his neighbor, to say, that "having made the statement, it would not appear well to take the track." How will such a plea "appear" at the judgment of the last day? A portion of the Public Press of the United States, has become, indeed, awfully wicked and corrupt.

Yours truly,

DANIEL WEBSTER.

From the New York Tribune.

A VALUABLE WORK.

The Speeches, Addresses, Arguments and Messages of William H. Seward are now in process of preparation for the press by George E. Baker, Esq., and will probably be published next spring. It has been deemed by the editor desirable that the work be complete, containing every official paper or public speech of Gov. S., whereof any record remains, and to present it exactly as it was originally given to the public. The whole will make three full octavos of some 600 pages each, and will be published in a style rendering it worthy of a place in any good library, so that all the heresies, extravagancies, and atrocities wherewith Gov. S., is popularly charged will be readily accessible to all, and those who accuse him of recommending that foreign languages and unpopular theologies shall be taught in our public schools (or some of them) will no longer have the excuse of ignorance for their misrepresentation.

We believe there is no other American Statesman now living whose works embody so much that will fix and reward the student's attention as do those of Gov. Seward. Popular Education in all its phases; Crime and its penalties; Political Economy in its adaptations to our National condition; Slavery, its prerogatives, and their limitations; Free Soil and the Compromise; Anti-Rent and Memorial Land Tenures; the Currency, &c., &c., have been discussed by him for the last quarter of a century with a vigor and clearness which leave nothing to be desired by his friends. When his writings shall be fairly and accessibly before the American People, they will be able to see why he is the best abused and most widely hated man on the Continent, and why the meekest utterance in behalf of outraged Justice and Humanity excites more commotion and and active hatred than the most sweeping denunciation of all that is upright and commendable. In short, there is a manifest requirement that since the Whig party has been demolished and the Nation delivered bound hand and foot to Fillibusterism and the Slavery Propaganda, out of antipathy to and dread of "Sewardism," the public should know precisely and clearly what "Sewardism" is: and therefore we thank Mr. Baker for his undertaking, which can hardly fail to prove every way successful.

THE WEBSTER TESTIMONIAL.—The sub-committee of finance in relation to the Webster testimonial have made a statement of their proposed action. They propose to authorize four persons in each ward to receive subscriptions for a statue or other memorial of the services of Daniel Webster. and afterwards for such a fulfilment of his testamentary wishes as by that committee may be deemed due to ourselves and to our country.

The funds thus obtained will be devoted mainly and in the first instance, to the erection of a statue or some other memorial to Mr. Webster, in this city. If any surplus shall remain after this object is accomplished it will be applied towards the fulfilment of Mr. Webster's testamentary wishes.

These wishes relate to the preservation of the Marshfield estate. Mr. Webster devised the estate, including the Mansion House, and the library, pictures, statuary, and numerous presents made to him by individuals and public bodies, in commemoration of his public services, to three trustees, to be preserved as they now are. The fulfilment of his wishes depends upon the removal of certain incumbrances and charges upon the property. The committee have believed that the people of Boston, and perhaps the people of other cities and towns in Massachusetts, will desire to have that estate preserved as Mr. Webster left it: and that while it must ever rank with Mount Vernon, in the regards of every American, they will never suffer it to become another Mount Vernon in its condition and appearance.

The grave of Daniel Webster is within its limits; and within the house, where he so long dwelt, are contained all the striking memorials of his life, with which the affection and admiration of his cotemporaries delighted to surround it. There is his noble library; there stands the magnificent vase presented to him by the people of Boston; and there hang the pictures which commemorate the negociation and execution of the Treaty of Washington. Everything in and around the house speak eloquently and touchingly of *him*; and we are sure the committee are right, when they assume that the people of Boston will not allow those treasures to be dispersed.

We are not aware what sum the committee propose to raise. But as the monument to be erected in this city will of course be one worthy of Boston and of him who it is to be commemorated, the sum must necessarily be a large one.—*Boston Atlas.*

PATHOS OF THE CANVASS.—One of the most touching specticles which has come to our view since the close of the Campaign, is the affectionate embrace of *The Boston Post* and *Boston Courier*. *The Post* exclaims, "What a victory? How delightful! We, the patriots, have had a most charming triumph. The hateful Free Soilers, Seward Whig fanatics, and *ismites* of all sorts are utterly routed and overthrown. Come, now, all, ye varied stripes of Fogyism, Hunkerdom, Cottonocracy, trading and Slavery Conservatism that have aided us, the Fillibustering Loco Focoism of the country, in achieving this matchless victory: come now and unite with us to put down every rascally Free Soiler in the country, and purge Congress of every pestilent fellow who don't belong to our side! Then shall we all thrive abundantly upon their ruins and grow and wax fat exceedingly." *The Courier* rapturously responded to this gush of patriotic sentiment: "Excellent suggestion! "My dear Democratic brother! take me to thy throbbing bosom! I am wholly thine! We will be but one henceforth and forever, till the whole race of Free Soilers be exterminated."

These beautiful and affecting exhibitions come upon us like sweet airs from Paradise, after the turmoil of the campaign. Such a glow of patriotic sentiment—such a fervor and devotion to the great interests of Slavery and Cotton—so much forgetting and forgiving as is here in manifested, is a spectacle to delight the gods. We expect to witness more throwing into one another's arms of the same sort.—*N. Y. Tribune.*

NAVAL.—At the the present time business in the Navy Yard, at Charlestown, is very brisk and will doubtless so continue until spring. The steamer *Hancock* has been cut in two, and will receive an addition of twenty-five feet. She will be in the water on the first of December, and will be ready for sea in twenty days after.

The *Vermont* is in the dock undergoing extensive repairs, which will not be completed until spring.

The sloop-of-war *Albany* is fitting out, and awaits orders from the Department. The *Decatur* can be got ready for sea at twenty-four hours notice, but no officers have yet been ordered for her. There are seamen enough, however, on board the *Ohio*—receiving ship—for both vessels. The *Decatur* is intended for the Home Station, as is also the *Albany*. The *Vermont* will join Commodore Perry's squadron for the East Indies. The *Hancock* will doubtless be despatched on a surveying cruise to Buering's Straits and elsewhere.—*Boston Chonicle.*

☞ The "Improvement" is another splendid humbug as it has thus far been managed. The munificent donation of lands by Congress, has nearly all been exhausted, and really nothing been done; in fact we have but little faith in the improvement, in any shape. The Wisconsin can never be navigable to any advantage, except in high water. The bed of the river being a light quick sand, bars are formed in every direction, and the channel is continually changing. A railroad along the bank is infinitely preferable in every respect.—*Crawford Co. Courier.*

VILLAGE LIFE IN EGYPT, by BAYLE ST. JOHN; 2 vols—Ticknor & Co., publishers, Boston.

Messrs. ARNOLD & WILSON, among their late supplies of publications fresh from the tasteful hands of the Boston houses, have copies of this very entertaining book of travel and reflections. We have scarcely had time to do more than glance through its fair white pages, but the little which we have read has given us a taste for more. The table of contents is one which gives promise of much gratification, if the writer be able to do his subjects justice: and Mr. St. John is an old traveller and pleasant talker. He gets you out on the Canal in his three-masted Dahabieh, and carries you along towards Upper Egypt, showing you how the people live, and act, and talk; discourses of Mehemet Ali and the English residents—of the public works and the dancing girls—of the Gypsies and Ghawazees—of serfdom and the Fellahs—of pilgrims and convents,—&c., &c., giving the reader altogether the best idea yet furnished, of Egypt as it is.

THE GAS WORKS.—We are glad to learn that the Gas Company have so far repaired the damages caused by the explosion on Monday that they resumed making Gas last evening, and hope to be ready to "light up" by Saturday or Monday next.

BOSTON BANKERS.—The attention of business men having dealings in Boston, is invited to the card of Messrs. CUTTER, BRODHEAD & CLAPP, of No. 20 State-st., Boston.

APPLES—ROONEY sells apples at auction this morning.

NEBRASKA MOVING!—A letter in the St. Louis *Republican*, dated Nebraska Territory, Oct. 15th, states that an election for Delegates to represent the people of that volunteer Territory in Congress was held on the Second Tuesday of October, several weeks' previous notice having been given, and that it resulted in the choice of Abelard Guthrie: though another letter states that there was a possibility that Guthrie was beaten by his opponent, Major Barron. The letter first quoted states, further, that the United States officers resident in the Territory opposed the movement, and the writer adds:—

> Another and not an inconsiderable portion of the white inhabitants of the Territory are neutral in the matter, under the belief that such an effort to form a Territorial Government in this Territory is wholly in violation of law. They are quite anxious to see such a thing brought about, but are under the impression that the first move must be made by Congress, and not by the people: and some are even found who speak of the effort as revolutionary.

MILWAUKEE seems to have recovered entirely from her recent depression. Business is active, and would be more so but for the condition of the roads, which prevents farmers from taking their produce to market. There seems to be a good demand for pork and butter, and in fact, all the staple productions, with steady prices and cash pay. The streets are almost impassable—a deluge of mud could scarcely have made them worse. The stores are filled with rich and costly goods, and elegant ladies in muddy boots.—*Manitowoc Herald.*

All true neighbor, and "we may add" that the streets and roads are rapidly improving and business with them.

THE STATE PRINTING.—At the opening of the proposals for doing the State printing, in June last, the Secretary of State awarded the contract to C. C. Sholes, of Kenosha, as having made the lowest and best bid. From that decision one of the other bidders, Mr. Dickson, appealed to the Governor, Attorney General and State Treasurer. A majority of these officers—Mr. Jansen dissenting—decided on Monday last to affirm the decision of Mr. Robinson, and Mr. Sholes is therefore declared State Printer for the ensuing term.—*Green Bay Advocate.*

Mr. SHOLES, besides doing the State Printing, intends to establish an independent democratic paper at Madison. He has the ability and experience to make a good one.

A TRAVELLER'S YARN.—A French paper, devoted to the record of travels, contains what purports to be a translation by a professor of Arabic at Constantine, Algeria, of the journal of a traveller named Tuggar, through Timbuctoo to the Mountains of the Moon and beyond. The following paragraph is of particular interest, being an account of the discovery of red men in Africa:—

> Beyond the circle of Sakat begins, so to speak, a new world; the people have a red color, of whom a part are herdsmen, possessing innumerable herds of camels and flocks of sheep, the remainder are husbandmen. One travels some two months upon the territory, and then comes to a great salt lake called Sebkat Schanakiba. This lake loses itself in the sands of a boundless desert, in which one finds no trace of vegetation. Across this desert, the passage of which occupies five weeks, dwell nations of a red color, living in tents of buffalo skins, and subsisting on dates and camel's milk. Then comes a second waste, which can be crossed in fifteen days; after which occur the first oases, which belong to the Mountains of the Moon, and are inhabited by red men.

THE NEXT CABINET.—The following conjectural list of MR. PIERCE'S Cabinet meets our eye in several of our Eastern Exchanges:

James Buchanan, of Pennsylvania, Secretary of State.

John A. Dix, of New York, Secretary of the Treasury.

David Todd, of Ohio, Secretary of the Interior.

Robert F. Stockton, of New Jersey, Secretary of the Navy.

Samuel Houston, of Texas, Secretary of War.

Lynn Boyd, of Kentucky, Postmaster General.

Henry A. Wise, of Virginia, Attorney General.

INCENDIARISM IN MONTREAL.—The Montreal *Courier* hints that some daring incendiaries have lately attempted to burn the remainder of the city of Montreal, and it therefore warns the citizens to be prepared with loaded arms, and if they detect the ruffians, to "finish them at once."

RICHEST FISH IN THE WORLD.—We notice the arrival of a hundred barrels of the famous Siskawit from Isle Royale, and learn from one of the fisherman that there have been caught this season between three and four hundred barrels of this fish, together with a few trout and white-fish. They fish on this Island for this fish principally, as the Siskawit are worth as much again as white-fish and Mackinac trout in our lake markets. Very little has been done at fishing this season on Lake Superior and very little can be done at a profit, till we have a canal around these falls, then the export of fish from this lake will equal in value, in our opinion, the whole export of flour from the entire State.

The Siskawit is, without doubt, the fattest fish that swims either in fresh or salt water. The fisherman say that one of these fish, when hung up by the tail in the hot sun of a summer day, will melt and entirely disappear, except the bones. In putting up about fifty barrels this season, one of the fishermen made two and a half barrels of oil from the head sand "leaf-fat" alone, without the least injury to the marketableness of the fish. Besides this leaf fat, the fat or oil is disseminated "in a layer of fat and a layer of lean", throughout the fish. They are too fat to be eaten fresh, and are put up for market like white fish and trout.—*Lake Superior Journal.*

A FORTUNE IN VIEW.—Mr. John Crofts Coffield, aged seventy-six years, died on the 28th ult. at his residence in Ann street, where he had for several years lived in a penurious and retired manner. It was believed that by his penurious habits he had saved a small sum of money, earned at his trade, cobbling boots and shoes; but great was the surprise of his friends and others on overhauling the boots in the corner in his room, soon after his death, to find some of them literally crammed with old wallets well filled with the "root of all evil." It is impossible at present to tell the amount of fortune he has left, but we have heard it estimated at so large a sum as to seem incredible, $200,000, and what makes it more interesting to the parties concerned, he has left a will as long as the moral law, well and faithfully executed, in which he decrees that his estate shall be kept in trust for twenty years, before the heirs with one exception can receive any benefit therefrom.—*Boston Advertiser.*

LA CROSSE AND MILWAUKEE R. R.—Moses M Strong the President of this Road, addressed the citizens of our place one evening last week. He detailed the modus opperandi agreed upon by the Directors in conducting the enterprise, told what had been done and what remained to be done, and represented the project as very feasible. Stock has been subscribed very liberally along the line. $15,000 have already been taken here, and four or five times that amount will probably be.—*Sauk Co. Standard.*

☞ J. R. Briggs, and a true man, editor of the Celoit Journal is the only whig elected to the State Senate.—*Wisconsin, 13th inst.*

Coles Bashford and Levi Sterling, a pair of very clever fellows, are elected to the Senate on the whig ticket; perhaps they may not consent to be thus summarily thrust out of the party.—*Madison Democrat.*

THE MARKETS.

OFFICE OF THE DAILY SENTINEL, MILWAUKEE, Nov. 16, 1852.

RECEIVED BY RAILROAD, 15th;—57 dressed hogs, 2 cars live do. 1119 bus. wheat, 125 do. barley, 150 do. oats, 40 do rye, 50 bbls flour, 2 boxes eggs, 30 bus onions, 69 do potatoes, 4 firkins 3 crocks butter, 63 barrels, lot poultry, &c., &c.

Market lively yesterday, and fair receipts. The roads are frozen hard, and wearing smooth. Pork comes in quite freely, and is taken quickly at 4,75@500 for light to heavy.

Wheat took another start under the influence of the last Steamers news, and the certainty which it brings of a scanty crop abroad. We quote best winter quiet at 78@80. Canada Club Spring at 70@72, fair winter 72@75.

Oats has advanced—supply light—we quote at 29@31c.

Barley taken readily at 41@42.

Rye, receipts light—no change, we continue quotations at 50@52.

CHICAGO, Nov. 17.

The market for all kinds of grain is very firm. Most of the sales are made to those who are interested in the lumber trade, to fill out their winter supplies. The cold weather for the last few days has given a strong impetus to this branch of trade. We notice also a rise of 3c on best grades of wheat for city use. Until the close of navigation, or at least till the last shipments are made, we look for great activity in the grain market. In rye and barley nothing is done.

Wheat—To-day quotations are as follows, with very firm demand: 54a56c for spring—extra will command 67c—winter, the ruling market range is 70a81c; the outside figures are 70a85c—a rise of 5c on former quotations. Sales 175 bu spring at 60a63—214 bu winter at 78a80c—45 bu winter at 85c.—*Chicago Tribune.*

Oswego, Wednesday Night, Nov. 10.—There is an active demand in the grain market with sales to-day of 10,000 bu Toledo wheat, 8500 do Cleveland, 11,500 do Milwaukee, 5200 do white Ohio, 5000 do Canadian, free, on terms not made public; 3050 do white Ohio, rather inferior, at 96c.

☞ Hundreds of our citizens complain of debility and langour of the system, derangement of the liver and stomach, want of appetite, &c.; they are frequently the result of too close application, and a thousand other causes we cannot here name; but we would say to all so afflicted Go as we have done—get a bottle or two of Dr. Hoofland's German Bitters, prepared by Dr. Jackson, and, our word for it, you will be cured. We recommend this medicine knowing from experience that it is much superior to the generality of patent medicines. We would say to our readers, purchase none unless prepared by Dr. C. M. OFFICE OF THE

Association for the Exhibition of the Industry of all Nations.

NEW YORK, JULY 12th, 1852.

THE ASSOCIATION FOR THE EXHIBITION OF THE INDUSTRY OF ALL NATIONS give notice that the Exhibition will be opened, in the City of New York, on the 2d day of May, 1853. The Municipal Authorities have granted to them the use of Reservoir Square, and they are proceeding to erect thereon a building worthy of the purpose to which it is to be devoted. The Association desire to make the Exhibition, in fact as well as in name, a Representation from other countries as well as their own, of Raw Materials and Produce, Manufactures, Machinery and Fine Arts. To this end they have made arrangements with CHARLES BUSCHEK, Esquire, late Commissioner of the Austrian Empire at the Industrial Exhibition of London whose skill, experience and high character offer the most satisfactory security to Contributors from abroad. Mr. Buschek is the authorized Agent of this Association, for all countries other than the Continent of America, and as such has received its instructions. All communications from Contributors abroad must be addressed to him at "The Office of the Exhibition of the Industry of all Nations in New York," No. 6 Charing Cross, London. He will state to them the nature of the powers given and authority conferred, and will also explain the great inducements offered by this Enterprise to European Exhibitors. This association will correspond with all persons in the United States, the Canadas and British Provinces, the West Indies, and this Continent generally, who may desire to contribute to this Exhibition. All such communications must be addressed to "THE SECRETARY OF THE ASSOCIATION FOR THE EXHIBITION OF THE INDUSTRY OF ALL NATIONS, NEW YORK." The Association is now ready to receive applications, and it is desired that they be sent in immediately. Due notice will be given, hereafter, when the Building will be ready for the reception of articles. Application for the admission of Objects to the Exhibition must represent intelligibly their nature and purpose, and must also state distinctly the number of Square Feet, whether of Wall, Floor or Counter, required. Machinery will be exhibited in motion—the Motive Power to be furnished by the Association—and applications for the admission of Machinery, to be so exhibited, in addition to the general description and the requisition for space, must set forth the amount of Motive Power required. The Association deem it proper to announce that Paintings in Frames will be exhibited. As, notwithstanding the magnitude of the proposed Building, there must, necessarily, be a limitation of space, the Association reserves the right to modify or reject applications; but, in so doing, will be governed by strict impartiality, looking only to the general objects of the Enterprise. The Association also reserves the right of determining the length of time, not to exceed in any case one season, during which objects shall, severally, form part of the Exhibition. Exhibitors are requested to designate an Agent, to whom their contributions shall be delivered when withdrawn from the Exhibition. Prizes for excellence in the various departments of the Exhibition, will be awarded under the direction of Capable and Eminent Persons.—With this statement the Directors solicit the co-operation of the Productive Intellect and Industry of their own and other countries.

LOSS OF THE PROPELLER PRINCETON—ALL ON BOARD LOST.

Buffalo, Nov. 15.

The propeller Princeton known to have been on her passage from Cleveland to Buffalo during the severe gale of Thursday night and Friday last, is no doubt a total wreck by foundreing. Her two boats and part of her pipes, together with a large quantity of her flour have drifted to shore about 20 miles above Dunkirk.

Steamer Michigan disabled—15 or 20 Vessels ashore—Propellers Samson and Oneida totally wrecked—Many Lives Lost.

Cleveland, Nov. 16—A. M.

The Iron Steamer just arrived here with steamer Michigan, in tow. The latter was badly damage, and had thrown over part of her cargo.—There is a report of a large number of sail vessels ashore; some 15 or 20 on the Canada shore. The schooner Abigail ashore at Ashtabula. A vessel bottom up near Fairport. The steamer America came into Cleveland Friday, reported having passed over bodies and articles of furniture off Ashtabula. It was feared some large steamer was lost. It is now supposed they were thrown up from the Atlantic.

Steamer *Michigan* left Cleveland last Thursday, bound up. She was lying yesterday afternoon, off Chagrin river, pipe gone, otherwise safe, well as I could see with glass.

Propeller Oneida's boat came ashore at Dunkirk yesterday with her papers—supposed propeller rolled over and all lost.

Propeller *Samson* ashore near Buffalo—total loss. No steamers seriously damaged, as far as heard from, they all got into port, either at Cleveland, Erie, Dunkirk or Buffalo. The *Hudson* arrived at Buffalo safely, and left there Sunday morning—not heard from since.

By Last Night's Mail.

$2,000,000 IN GOLD.

New York Nov. 12.

The steamer Illinois, with the California mails and nearly $2,000,000 in specie, arrived about 5 o'clock this afternoon, with 4 days later news.

Her time through from San Francisco is about 23 days.

The steamer California had arrived at Panama, after a fine run of 13 days.

A severe shock of an earthquake was experienced at Valparaiso on the 2d ult. which was also experienced on board the U. S frigate Raritan lying in the harbor.

The news from California is not inportent.

The overland emigration continued to arrive freely.

It is estimated there are between 150 and 200 wagons on their way to Carsons Valley.

Advices from Liberia to the 27th ult. have been received.

The colony is in a flourishing condition.

The independence of the Republic was celebrated on the 26th of July last.

Mighty Important from Mexico.

New Orleans, Nov. 11.

By the arrival of the steamship *Texas*, from Galveston, the *Picayune* has received late and important news from the Rio Grande, giving accounts of the commencement of hostilites and a battle between the government troops and the Revolutionists.

It appears that a body of 600 of the national guards, which had been stationed at Matamoras and had left that town, and had encamped on the American side of the Rio Grande. They afterwards crossed the river above Matamoras, and marched upon Victoria to attack Gov. Cardenas and Gen. Aramos, who were in command of a large body of revolutionists.

Gen. Canales, on being apprised of their intentions, pursued them with an army of 1,500 men and eight pieces of artillery. The guards thereupon turned back, and a small engagement ensued which resulted in the entire route of Gen. Canales and his force.

Newcastle, Nov. 12.

Pennsylvania Elections.—The following is the official vote of this State—Pierce 198,583; Scott, 179,163; Hale, 8,580; Broome, 1,610.

New York, Nov. 13—2 P.M.

Important Slave Case Decision.—Judge Payne in the Supreme Court delivered his opinion this morning in the case of the eight colored persons claimed as slaves and brought to this city from Virginia on their way to Texas. The Judge's opinion concludes:

"That by the laws of this State, slaves brought into it by the voluntary act of their owner become free." He therefore ordered their discharge.

Buffalo, Nov. 14.

It is snowing fast here and west wind blowing fresh. We learn there was a large fire at Dunkirk last night, but as yet have been unable to learn the particulars.

The storm which raged yesterday and night before has somewhat abated.

Philadelphia, Nov. 11.

Mr. Holbrook, the agent of the Post Office Department, arrested here to-day, the perpetrator of several mail robberies committed at Baltimore.—The prisoner is John W. Cornegys, who, while employed as a conductor on the express train on the on the Baltimore Railroad cut open the pouches at different times, at Baltimore and took possession of drafts, after destroying the letters containing them.

He had obtained money upon drafts, transmitted by various New York banks upon southern correspondents, but payable in New York, by opening an account in here depositing the drafts with forged endorsements.

When arrested he had $7,570 in bills of the bank North America, the produce of stolen drafts.

Taking the Responsibility.—Miss Lucy A. Simmons writes to Mrs. Amelia Bloomer touching matters and things connected with "woman's rights," and says,

Some almost doubt the *propriety* of Woman's taking the responsibility.

They must be queer creatures indeed who doubt the propriety of woman's performing that great duty! If a woman *has a responsibility,*" who *should* "take" it if she should *not?* Is it not her peculiar province, not only to "take" it, but to hold it, tend it, wash it, dress it, nurse it, rock it, trot it on her knees, &c., &c. It is the duty of Miss Simmons to expose the unnatural mortals she alludes to, and we trust she will do so.—*Albany Register.*

A Crash.—Between twelve and one o'clock yesterday, when the wind had risen to its strongest pitch, the front of the Unitarian Church erecting on the corner of Shelby and Lafayette streets was blown down by the force of the wind. An elderly woman who lives close by, was unfortunately passing on the sidewalk at the time when the wall fell, and was knocked down and severely hurt. About twenty minutes after the fall of the front wall. The remaining side wall was also blown down. The only wall now standing is that at the north end where it was intended the pulpit should be erected. The other side wall was blown down some days ago by the force of the prevailing storms of the last few days.—*Detroit Adv.*

An Extensive Contract for Steamers.—The Philadelphia Ledger of Monday, says Capt. R. F. Loper, of that city, has just concluded a contract with the New York, Baltimore, and Alexandria Steamship Company, for the construction of ten propeller steamships, which are to be built and fitted out for delivery in March next. The dimensions of these vessels are 160 feet in length, 23 feet beam, and 11 1-2 feet depth of hold. Each vessel is to have a pair of engines with cylinders 28 inches in diameter and 28 inches stroke. When completed, they will compose lines between New York and Baltimore, and between New York and Alexandria.

A Child Shot by his Father.—The Wilkesbarre (Pa.) Advocate relates a most melancholy circumstance which recently took place in Covington township, Luzerne county. A Mr. John Williams seeing his own son, Isaac, a boy about 12 years of age, in the woods gathering chesnuts, and supposing him to be a deer, fired his rifle and shot the little fellow through the back! On approaching each other the boy exclaimed, "*Father, why did you shoot me?*" and afterwards added, "Father, you will bury me on the farm, won't you?" We are rejoiced to learn that the poor little boy survives, and is recovering.

Appraisement of School Lands.—The Legislature of last winter played a very foolish part in ordering the reappraisement of school lands in certain counties. and fixing the minimum price at $1,25 per acre. Far better to have made it all at that rate; as there will not be enough appraised at more than $1,25 to pay the expense of appraisment. Even at that rate, much of it will remain a long time in market. There is too much squandering of the school fund.—*Crawford Co Courier.*

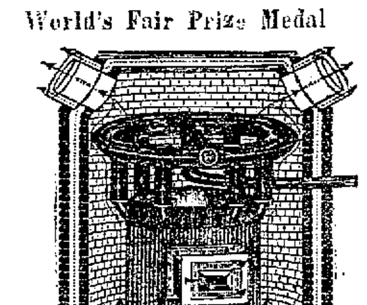
CHILSON'S PATENT
World's Fair Prize Medal



FURNACE!

WE ARE HAPPY TO ANNOUNCE THAT CHILSON'S PATENT AIR WARMING AND VENTILATING FURNACE, as recently improved and patented is decared by high and reliable authority, to be the

BEST FURNACE IN THE WORLD.

Not only is this Furnace, and our system of ventilation, proved and declared to be the best mode of Warming and Ventilating DWELLING, CHURCHES, ACADEMIES, SCHOOL HOUSES, COURT and STATE HOUSES, HOSPITALS, STORES &c., in nearly all the cities and towns in the United States, but is meeting with equal favor in the CANADAS, ENGLAND, RUSSIA, and other Foreign Countries. It has been awarded at the recent Fairs in this country, gold and silver medals, first premiums, and lastly the Great Prize Medal at the World's Fair, London. It has been subjected to the most rigid investigation and severe practical tests, and unanimously declared the best.—(See the printed reports of the Fairs, also city and state public committees on public buildings.) We have more than twenty-five hundred references, many of whom are professional gentlemen, whose scientific attainments in such matters are well known. To attain this desirable object, the inventor of this Furnace first abandoned the manufacture of the common frail hot air furnaces seven years since, under the settled conviction, that red hot iron furnaces burn the oxygen out of the air, producing an unhealthy, scorching, disagreeable odor, unfit to be inhaled by human beings; besides the constant cracking and burning out of the pots, which permits the poisonous gases to escape and mingle with the air; and the annoyance and expense of repairs, new pots, &c. He now has the satisfaction of knowing that his efforts to secure a *healthful, economical* and *durable* apparatus for thoroughly warming and ventilating buildings, has been entirely successful.—They possess the following advantages: purity of air, powerful heaters, economical plan for burning anthracite, bituminous coals or wood, all equally well—flues easily cleared out—great durability of furnace, not liable to repairs for a life time; perfect safety against setting buildings on fire in which they are located; may be set in low cellars.—Sizes for all classes of buildings. Also, 4 sizes of new and superior PORTABLE FURNACES,—Dr. Clark's Improved Boston School Stove.

Registers of all descriptions; Hot-air Grates; Room Ventilators, &c.

Emerson's celebrated Ventilators for Roofs of Buildings and smokey chimneys, &c. Cooking Ranges, with or without Bath Boilers, and Hot-air Fixtures. All sizes and styles of those beautiful

MIRROR MARBLE MANTLES,
PARLOR AND CHAMBER FRAME GRATES,

of rich European and American styles. Also a splendid article of Liverpool Soft Coal Grates, for Parlors, &c.

Architects, Builders, and the public generally, please examine our extensive assortment. Personal attention given to warming and ventilating buildings in any part of the country, CHILSON, RICHARDSON & CO.,

SAUGATUCK IRON WORKS,
WESTPORT, CONN.
OFFICE NO. 5, NASSAU STREET, NEW-YORK.

WE DESIRE TO CALL ATTENTION TO THE following articles which we are manufacturing for Railroad companies, to-wit:—Car wheels and axles, boxes and pedestals, wheel presses, locomotive drivers and cylinders, screw cutters, drilling machines, switch stands, levers and targets, frogs, head and heel blocks, chairs, and all castings connected with Railroad superstructure.

WHEELS.—Nearly two years since we commenced business, with the view of making wheels. We were then informed by gentlemen whose intelligence and experience entitled their opinions to great weight, that the wheel was imperfect, and advised us to attempt its improvement.—With every desire to succeed, we commenced an examination of the various patterns in use, to ascertain and secure the best. We soon became convinced that a majority of the patterns would prove satisfactory, if the iron of which they were made was sufficiently strong and properly chilled. Since then, we have left no means unemployed that we could control, to procure a new and stronger combination of iron than heretofore used, and feel confident that we have succeeded, with which we are now manufacturing double and single plate and spoke wheels, fully guaranteed as regards strength and perfect chill. Within sixty days we will be able to supply limited orders with "Whistler's Express" and "Whistler's Single Plate" wheels. From the material used in, and the expense of fitting up, these patterns will cost something more than ordinary wheels. but it is confidently predicted by those whose opinions are most valuable in such matters, that they will possess a greater amount of strength than any cast or combination wheel made. They are the invention of Geo. W. Whistler, Jr., Esq., (whose experience in all matters connected with railroads is sufficiently known) and intended to obviate the influence of contraction and expansion to an extent that will render them perfectly safe in all weather, at the highest rate of speed.

AXLES.—We will use none but the best fagoted, which are superior to any other.

SWITCH STANDS, LEVERS AND TARGETS.—We have adopted a stand that recommends itself for simplicity of construction, and the best guarded of any we know, invented by Van Blarcomb, Superintendent of Machine Shops of the Housatonic & Naugatuck Railroads, but will make of any pattern desired.

SCREW CUTTERS.—The invention of Mr. Van Blarcomb, a useful, cheap and successful machine.

BOXES AND PEDESTALS, of any size or pattern to order.

DRILLING MACHINES, of a very simple and very substantial character.

WHEEL PRESSES.—Made to order.

LOCOMOTIVE DRIVERS AND CYLINDERS.—Made to order.

FROGS, CHAIRS, HEAD & HEEL BLOCKS, And all work connected with superstructure, made by contract.

Predicating our success on the facilities we possess of procuring the latest improvements in machinery, and the uniform excellence of our work in material and finish, we solicit orders.

COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

MANY years of trial, instead of impairing the public confidence of this medicine, has won for it an appreciation and notoriety by far exceeding the most sanguine expectations of its friends. Nothing but its intrinsic virtues and the unmistakable benefit conferred on thousands of sufferers, could originate and maintain the reputation it enjoys.—While many inferior remedies thrust upon the community, have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.

While it is a fraud on the public to pretend that any one medicine will infallibly cure—still there is abundant proof that the CHERRY PECTORAL does not only as a general thing, but almost invariably, cure the maladies for which it is employed.

As time makes these facts wider and better known, this medicine has gradually become the best reliance of the afflicted, from the log-cabin of the American peasant, to the palaces of European Kings. Throughout this entire country, in every State, city, and indeed almost every hamlet it contains, CHERRY PECTORAL is known as the best remedy extant for diseases of the Throat and Lungs, and in many foreign countries it is coming to be extensively used by their most intelligent Physicians. In Great Britain, France and Germany, where the medical sciences have reached their highest perfection, CHERRY PECTORAL is introduced, and in constant use in the Armies, Hospitals, Alms Houses, Public Institutions, and in domestic practice, as the surest remedy their attending Physicians can employ for the more dangerous affections of the lungs.—Also in milder cases, and for children it is safe, pleasant, and effectual to cure. In fact, some of the most flattering testimonials we receive have been from parents who have found it efficacious in cases particularly incidental to childhood.

The CHERRY PECTORAL is manufactured by a practical Chemist, and every ounce of it under his own eye, with invariable accuracy and care. It is sealed and protected by law from counterfeits, consequently can be relied on as genuine without adulteration.

We have endeavored here to furnish the community with a medicine of such intrinsic superiority and worth as should commend itself to their confidence—a remedy at once safe, speedy and effectual, which this has by repeated and countless trials proved itself to be; and trust by great care in preparing it with chemical accuracy, of uniform strength to afford Physicians a new agent on which they can rely for the best results, and the afflicted with a remedy that will do for them all that medicine can do.

PREPARED AND SOLD BY

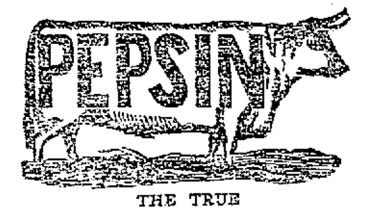
Practical and Analytical Chemist,
LOWELL, Mass.

Sold, wholesale and retail, in MILWAUKEE by LAKE & WILLIAMS and BOSWORTH & SONS, and by the Druggists and dealers in Medicines generally throughout the State. Sept. 1 3m daw

Entered according to Act of Congress, in the year 1851, by J. S. HOUGHTON, M. D., in the clerk's Office of the District Court for the Eastern District of Pennsylvania.

Another Scientific Wonder!

DR. J. S. HOUGHTON'S
GREAT DYSPEPSIA CURER!



THE TRUE
DIGESTIVE FLUID,
OR
GASTRIC JUICE

PREPARED from Rennet, or the fourth Stomach of the Ox, after directions of Baron Liebig, the great Physiological Chemist, by J. S. Houghton, M. D., Philadelphia, Pa.

This is a truly wonderful remedy for Indigestion, Dyspepsia, Jaundice, Liver Complaint, Constipation, and Debility, Curing after Nature's own method, by Nature's own Agent, the Gastric Juice.

☞ Half a teaspoonful of PEPSIN, infused in water will digest or dissolve, Five Pounds of Roast Beef in about two hours, out of the stomach.

PEPSIN is the chief element, or Great Digesting Principle of the Gastric Juice—the Solvent of the Food, the Purifying, Preserving and Stimulating Agent of the Stomach and Intestines. It is extracted from the Digestive Stomach of the Ox, thus forming an Artificial Digestive Fluid, precisely like the natural Gastric Juice in its Chemical powers, and furnishing a complete and perfect substitute for it. By the aid of this preparation the pains and evils of Indigestion and Dyspepsia are removed, just as they would be by a healthy Stomach. It is doing wonders for Dyspeptics, curing cases of Debility, Emaciation, Nervous Decline, and Dyspeptic Consumption, supposed to be on the verge of the grave. The Scientific Evidence upon which it is based, is in the highest degree Curious and Remarkable.

SCIENTIFIC EVIDENCE.

Baron Liebig in his celebrated work on Animal Chemistry, says: "An Artificial Digestive Fluid, analagous to the Gastric Juice, may be readily prepared from the mucous membrane of the stomach of the Calf, in which various articles of food, as meat and eggs, will be softened, changed, and digested, just in the same manner as they would be in the human stomach."

Dr. Pereira, in his famous treatise on "Food and Diet," published by Fowler & Wells, New York, page 35, states the same great fact, and describes the method of preparation. There are few higher authorities than Dr. Pereira.

Dr. Combe, in his valuable writings on the "Physiology of Digestion," observes that "a diminution of the due quantity of the Gastric Juice is a prominent and all prevailing cause of Dyspepsia;" and he states that "a distinguished professor of medicine in London, who was severely afflicted with this complaint, finding everything else to fail, had recourse to the Gastric Juice, obtained from the stomachs of living animals, which proved completely successful."

Dr. Graham, author of the famous works on "Vegetable Diet," says: "It is a remarkable fact in physiology, that the stomachs of animals, macerated in water, impart to the fluid the property of dissolving various articles of food, and of effecting a kind of artificial digestion of them in no wise different from the natural digestive process."

Professor Dunglison, of the Jefferson College, Philadelphia, in his great work on Human Physiology, devotes more than fifty pages to an examination of this subject.—His experiments with Dr. Beaumont, on the Gastric Juice obtained from the living human stomach and from animals are well known. "In all cases," he says, "digestion occurred as perfectly in the artificial as in the natural digestions."

Dr. John W. Draper, Professor of Chemistry, in the Medical College of the University of New York, in his "Text Book of Chemistry," page 386, says, "It has been a question whether artificial digestion could be performed—but it is now universally admitted that it may be."

Dr. Carpenter's standard work on Physiology, which is in the library of every Physician, and is used as a Text-Book in all the Colleges, is full of evidence similar to the above, respecting the remarkable Digestive power of Pepsin, and the fact that it may be readily separated from the stomach of the calf or ox, and used for experiments in Artificial Digestion, or as a remedy for disease of the Stomach, and deficient secretion of Gastric Juice.

All modern works on Chemistry, Materia Medica, and Physiology, and all good Medical Dictionaries, describe the character and properties of PEPSIN, and state many interesting details respecting it.

The fact that an Artificial Digestive Fluid, or Gastric Juice, perfectly resembling the natural fluid, may be readily prepared, does not admit of question. The only wonder is, that it has not before been applied to the cure of indigestion and Dyspepsia—so naturally does such a use suggest itself to the mind.

AS A DYSPEPSIA CURER,

Dr. HOUGHTON'S PEPSIN has produced the most marvellous effects, in curing cases of Debility, Emaciation, Nervous Decline, and Dyspeptic Consumption. It is impossible to give the details of cases in the limits of this advertisement; but authenticated certificates have been given of more than Two Hundred Remarkable Cures, in Philadelphia, New York, and Boston alone. These were nearly all desperate cases, and the cures were not only rapid and wonderful but permanent.

It is a great Nervous Antidote, and particularly useful for tendency to Billious disorder, Liver complaint, Fever and Ague, or badly treated Fever and Ague, and the evil effects of Quinine, Mercury and other drugs upon the Digestive Organs, after a long sickness. Also, for excess in eating and the too free use of ardent spirits. It almost reconciles Health with Intemperance.

OLD STOMACH COMPLAINTS.

There is no form of Old Stomach Complaints which it does not seem to reach and remove at once. No matter how bad they may be, it gives Instant Relief! A single dose removes all the unpleasant symptoms; and it only needs to be repeated for a short time to make these good effects permanent. Purity of Blood and Vigor of Body follow at once. It is particularly excellent in case of Nausea, Vomiting, Cramps, Soreness of the pit of the stomach, distress after eating, low, cold state of the Blood, Heaviness, Lowness of Spirits, Despondency, Emaciation, Weakness, tendency to Insanity, Suicide, &c.

Dr. Houghton's PEPSIN is sold by nearly all the dealers in fine drugs and Popular Medicines, throughout the United States. It is prepared in Powder and in Fluid form—and in Prescription vials for the use of Physicians.

Private Circulars for the use Physicians may be obtained of Dr. Houghton or his Agents, describing the whole process of preparation and giving the authorities upon which the claims of this new remedy are based. As it is not a Secret Remedy no objection can be raised against its use by Physicians in respectable standing and regular practice. Price One Dollar per bottle.

☞ Observe this.—Every bottle of the genuine PEPSIN bears the written signature of J. S. HOUGHTON, M. D., sole proprietor, Philadelphia, Pa. Copyright and Trade Mark secured.

☞ Sold by all Druggists and Dealers in Medicine.

GENTLEMEN'S FURNISHING GOODS.

They are confident in view of their very superior and unsurpassed facilities for the purchase of goods in the Eastern markets from cash auctions, importers and manufacturers, in all cases from first hands, one of the firm residing and superintending the business of their concern in Philadelphia, that they are not only able, and do buy their goods from 20 to 25 per cent cheaper than most houses in the city who buy on credit, and of jobbers, but they are able and are determined to sell that much lower. They deem it superfluous to attempt, as it is impossible to enumerate the articles that comprise their stock, which in extent is unrivalled by any similar establishment west of the Atlantic cities.

To their friends and customers, and those who know them, it is needless to say anything, but to strangers who are in want of articles comprising their stock, they will say, call on us and let us show you the great inducements we are able to offer; we will give you polite and respectful attention, with better bargains than you are able to get elsewhere. The most perfect satisfaction is guaranteed in all cases to those who deal with us. E. M. SHOYER & CO.

THIS machine is now in successful operation at the shop of Wm. Hawkins in this city, and will dress Staves for

Packing, Flour and Whiskey
BARRELS,
and PIPES or HOGSHEADS, at the rate of
600 Whiskey or 800 Flour Barrel Staves

straight, winding or crooked. In fact, any stave that can be worked by hand will be dressed by this machine, either for tight or slack work, from 22 inches to 72 inches in length of any reasonable width, and *to any requisite bilge*, and in the most perfect manner. The stave passes through the machine a single time, is dressed by rotary cutters and is then ready for the truss hoops. The dressing of the sides and jointing of the edge of the stave is performed perfectly. The machine is made of iron, is strong and durable, and is not difficult to keep in good order for use. Six horse power is sufficient to drive the machine with all the speed necessary.

The Subscribers having purchased of Wm. Hawkins the patent right for the United States are prepared to sell rights for States, Counties, or for running single machines and to furnish and set up the machines, warranted to perform perfectly. In the great saving of expense of transportation of dressed over the rough stave, the rapidity and perfect manner with which it performs its work, consists the value of this machine.

Satisfactory testimonials can be furnished if desired.

MISCELLANEOUS.

HAY PRESS.

THE IMPROVED PATENT LEVER RAILWAY PRESS EXCELS ALL OTHERS now in use for pressing Hay, Cotton, Hemp, Wool, Hops, Rags, &c. &c., and will be warranted to perform well and do double the work that any other press can with the same number of hands, with less than half the draught; a small boy can attend the horse, and the running back of the follower with ease. The time required in running up the follower, is fifteen seconds. A bale of Hay can be pressed in less than one minute, at ordinary all day work: seven or eight bales can be pressed and bound per hour. Bales of Hay can be pressed, weighing over 400 lbs., measuring two feet square and four feet long. Bales of Cotton can be made compact enough without compressing.

The construction of this press is such that it does not require a building expressly for it, as it may be placed in any barn or shed, and the horse may move in any direction, or at any distance from it; and when the bale is ready for delivery, it is discharged instantly, and the follower gradually recedes as the Hay is placed in the box.

The construction is so simple that any man can make a Press, or keep it in order.

The travel for a horse, in running up a bale, is fifty feet, while in a screw press, the travel is one mile and a half in running the screw up and down. We have one new Press now in operation at Waukesha, Wis., and two others in process of construction.

So great a failure of the hay crop as has occurred in all of the Eastern and Atlantic States the present season, cannot fail to ensure a most profitable business to any persons in Wisconsin or Illinois who may take hold of this business with energy. The hay may be shipped during the present fall, and three months of the spring navigation, before another hay crop is raised.

REPORT OF THE PREMIUM COMMITTEE OF THE AGRICULTURAL SOCIETY OF NEW-YORK.

"The Lever Railway Hay and Cotton Press, is a machine combining great power, convenience of operation, and constructed on true philosophical principles, and is a great desideratum to the river counties, and all places not contiguous to market, and also to cotton and hop growers; and the Committee think they do not exaggerate when they say it is, in their opinion, the perfection of machinery for that purpose. The Committee therefore award a premium of $5."

The Press, with the right to use it, can be purchased at less than half the cost of any other Press now in use. For rights for a single Press, or Towns, Counties and States, application should be made to the subscriber.

THE MOST EXCRUCIATING PAINS,
IN FROM THREE TO FIVE MINUTES!
AND HAS CURED

Neuralgia	In One Hour.
Croup	In Ten Minutes.
Diarrhœa	In Fifteen Minutes.
Toothache	In One Second.
Spasm	In Five Minutes.
Cramps	In Five Minutes.
Sick Head Ache	In Fifteen Minutes.
Chill Fever	In Fifteen Minutes.
Chillblains	In Five Minutes.
Sore Throat	In Four Hours.
Influenza	In One Hour.

SPINAL COMPLAINTS, STIFF JOINTS, STRAINS, BRUISES, CUTS, WOUNDS, FROST BITES, CHOLERA MORBUS, DYSENTERY, TIC DOLOREUX, and all other complaints where there is severe pains, RADWAY'S READY RELIEF will instantly stop pain, and quickly cure the disease.

THE HUMAN FRAME

Is the most perfect masterpiece of mechanism in the universe. Every artery, muscle, ligament and bone, exhibit its in its formation the wisdom of the Deity. Every Joint and sinew works harmoniously with each other, and upon the natural performance of every function depends the healthful action of the whole.

PAIN

Disorganizes the whole system, it prostrate the nerves, it relaxes the muscles, it weakens the joints, it interferes with the functions of every organ, it checks the free and healthy circulation of the blood, it paralizes the absorbents, and renders them unable to take up and replete the wasted form with sound material. From the very moment that this beautiful masterpiece of God becomes afflicted with pain, the influence is experienced throughout the whole system, no matter in what particular locality the pain may originate; whether in the Head, the Feet, the Back, the Knee Joints, the Elbows, the Teeth, the Gums, or the Stomach; whether it arises from internal derangement, or is the result of external injuries, still the pain exercises its influence throughout every portion of the human system.—Not a nerve or a muscle escapes its prostrating influence.

INSTANT RELIEF FROM PAIN

Is the great desideratum of every individual who suffers its tortures, no matter how light or severe its paroxysms may be. No one can feel happy while suffering its torments.

RADWAY'S READY RELIEF
In a few seconds
WILL STOP THE MOST DISTRESSING PAINS.

Its effects are like electricity; it arrests the most distressing pains in a few seconds, its soothing, neutralizing and healthful influences thrill through every minute cell, membrane, and establishes the secretion of every gland in the system, subduing the most excruciating paroxysm of pain, and imparting strength and vitality to every organ.

NEURALGIA.
PAIN STOPPED INSTANTLY.

Radway's Ready Relief possesses an almost miraculous influence over the sharp darting pangs of pain of this cruel complaint. In a few minutes the pain-stricken sufferer experiences the delightful sensations of departing pain. It has cured thousands of cases in the city of New York, where many of them had been brought almost to death's door. The effects of the Ready Relief is to stop the pain immediately, to strengthen the nervous system, and supply the nerves with nervous energy and vitality, the loss of which is the chief cause of nervous pains.

DANGEROUS PRACTICE.

The use of Morphine, Strychnine, Aconitine, Belladonna, Arnica, and other poisons are not only dangerous but cruel. The effect of these poisons is not to cure the disease, or to remove from the system the pains, *but to deaden the nerves, to weaken and stop the nervous energy, to paralyze the functions of the nervous system, and to destroy sensation.* If this practice is continued for any length of time, the patient will not only waste away, but the brain will become paralyzed, and the intellect destroyed.

RADWAY'S READY RELIEF
IS FREE FROM MORPHINE,

And all other dangerous and narcotic influence. To the weak and paralyzed nervous system it imparts life instead of death, and the pain is stopped by the healthy influence which Radway's Ready Relief imparts to the nerves, instead of the lifeless, sleepy and paralyzing effect which Morphine, and all other preparations containing this poison, produces on the system.

SICK HEADACHE.

Radway's Ready Relief will stop the most distressing pains in a few minutes, and prevent renewed attacks. It will cleanse and sweeten the stomach, and neutralize the poisonous acids of the system.

ALL BOWEL COMPLAINTS,
Diarrhœa, Dysentery,
Bloody Flux, Cholera Morbus,
Painful Discharges,

It relieves the most severe pains in a few minutes—checks the most distressing discharges, and

SPEEDILY REMOVES THE CAUSE.

RHEUMATISM.
PAINS RELIEVED IN FIVE MINUTES.

Radway's Ready Relief will stop the severe and excruciating pains of Rheumatism almost instantly. Persons are living in this city who, for months, were confined to their beds by Rheumatic pains, whose bones were unsound from top to toe, whose joints were distorted with painful swellings, that were relieved from all pain in 15 minutes by the use of Radway's Ready Relief. This is truth; and thousands in the city of New York, and hundreds of thousands in the United States, can answer for the truth of this assertion—we need no certificates of Cures—we publish no long list of names to prove the efficacy of Radway's Ready Relief, for the Citizens of almost every town in the Union, for the last four years, have tested it for themselves.

CHILL FEVER.
CHILLS STOPPED IN A FEW MINUTES—PAIN RELIEVED INSTANTLY.

Radway's Ready Relief acts like a charm in all cases of Chills and Fever. It breaks the chills immediately—warms up and invigorates with health and strength every organ and secretion of the system.

PAINS OF ALL KINDS.

Whenever you feel pain, apply Radway's Ready Relief—it is sure to relieve you in a few minutes. If you have pains in the Stomach, Intestines, in the Liver, Kidney's, Bowels, Joints, Bones, Radway's Ready Relief, taken either internally or applied externally, will in a few minutes stop pain and quickly remove its cause.

BEAUTY.

Complexion richly tinted with the bloom of health,
With skin as pure and fair as Parian marble,—
Soft and sweet as the fragrant rose—
Teeth as sound and white as alabaster,
Breath of sweetest fragrance, and lips of coral tint,
With flowing ringlets and glossy locks,
Luxuriant tresses dancing gracefully o'er the swan like neck
No dark repulsive spots to mar the pleasing picture,
Or to cast dull shadows o'er beauty's master piece.

RADWAY'S MEDICATED SOAP.

Composed of the most delicious, rare and fragrant gums,
Of extracts, oils, and costly essences—
Of flowers, roots, trees, and oriental plants,
Possessing wondrous virtues o'er skin diseases.

TO THE COMPLEXION IT IMPARTS BEAUTY.

By cleansing the skin from all eruptive matter,
Makes clean the pores, gives action to the capillaries,
By which all poisonous humors are ejected,—
And a healthy action to the skin restored,
To the teeth it gives whiteness and prevents decay,
It makes the skin soft, sweet and smooth,
Transforms the most repulsive and disfigured visage,—
To a clear and beautiful complexion.

RADWAY'S CIRCASSIAN BALM.

Imparts nutriment to the hair,—
Makes it strong, glossy, rich and luxuriant,
Cleanses the scalp from dandruff,—gives action to the bulbs,
Fastens the hair upon the scalp, and forces it to grow—
Like guano to a barren soil, it makes it rich and productive.
To dress the hair, make it smooth and glossy,—
Strong and beautiful, &c.

Radway's Circassian Balm is the "ne plus ultra."

A Word of Caution to the Public!

Dealers in Pain Killer are cautioned against buying or selling a spurious article of Pain Killer, manufactured by White & Co., of Buffalo, which is a worthless imitation and will appear by the pamphlets a "BASE FORGERY" with the Genuine. "The certificates are comparing them with the Genuine. The proprietor of the Genuine Perry copied verbatim." The proprietor of the 'Genuine Perry Davis' Pain Killer will prosecute any person, engaged in selling this spurious article, and is determined to protect himself and the public from this "infamous fraud." Many unprincipled persons, to deceive the public, and for the sake of gain, have applied the name Pain Killer or something similar to their own compounds such as Pain Destroyer, Pain Killing Compound, a real Pain Killer, &c. &c. all of which have been got up on the reputation of Perry Davis' Pain Killer. The public are cautioned against these mixtures.

DR. HOOFLAND'S CELEBRATED GERMAN
BITTERS,
Prepared by Doct. C. M. Jackson,
AT THE GERMAN MEDICINE STORE,
120 Arch-st., Philadelphia.

Their power over the above diseases is not excelled, if equalled, by any other preparation in the United States, as the cures attest, in many cases after skilful physicians had failed.

These Bitters are worthy the attention of invalids. Possessing great virtues in the rectification of diseases of the Liver and lesser glands, exercising the most searching powers in weakness and affections of the digestive organs, they are withal safe, certain and pleasant.

READ AND BE CONVINCED.
[From the Boston Bee.]

The Editor said, Dec. 3d: "Dr. Hoofland's celebrated German Bitters, for the cure of Liver Complaint, Jaundice, Dyspepsia, Chronic or Nervous Debility, is deservedly one of the most popular medicines of the day. These Bitters have been used by thousands, and a friend at our elbow says he has himself received an effectual and permanent cure of Liver Complaint from the use of this remedy. We are convinced that, in the use of these Bitters, the patient constantly gains strength and vigor, a fact worthy of great consideration. They are pleasant in taste and smell, and can be used by persons with the most delicate stomachs with safety, under any circumstances. We are speaking from experience, and to the afflicted we advise their use."

SCOTT'S WEEKLY.

One of the best literary papers published, said, August 25 "DR. HOOFLAND'S GERMAN BITTERS, manufactured by Dr Jackson, are now recommended by some of the most prominent members of the faculty, as an article of much efficacy in cases of female weakness. As such is the case, we would advise all mothers to obtain a bottle, and thus save themselves much sickness. Persons of debilitated constitution will find these Bitters advantageous to health, as we know from experience the salutary effect they have upon weak systems."

The Daily Sun says:—"It is one of the best medicines of the age for Jaundice and Liver Complaint."

Neal's Gazette says:—"Dr. Hoofland's German Bitters we know to be an excellent article, fulfilling in every respect what is claimed for it by the advertiser."

The Evening Bulletin says:—"The celebrated German Bitters are said to be an invaluable remedy for Jaundice, Dyspepsia, and Nervous Complaints."

The Daily News, July 24, says:—"A Medicine.—We speak knowingly of Dr. Hofland's celebrated German Bitters, when we say it is a blessing of this age, and in diseases of the biliary, digestive and nervous systems, it has not, we think, an equal. It is a vegetable preparation, and made without alcohol, and to all invalids we should recommend it as worthy of their confidence."

The Dispatch says:—"As a medicine for Liver Complaint, Jaundice, Nervous Debility, and Dyspepsia, it has been found invaluable, effecting cures, and thoroughly eradicating disease, when all other medicines have failed."

That this medicine will cure Liver Complaint and Dyspepsia, no one can doubt, after using it as directed; it acts specifically upon the stomach, and liver—it is preferable to calomel in all bilious diseases—the effect is immediate. They can be administered to Females or Infants with safety and reliable benefit, at any time.

LOOK WELL TO THE MARKS OF THE GENUINE!

They have the written signature of C. M. JACKSON upon the wrapper, and the name blown in the bottle, without which they are spurious.
